

Community Update

Feb. 24, 2025 - Call Box Announcement

NEW CALL BOX!!

What's happening?

After more than 20 years, our call box is getting a major update. New features will include:

- Touch screen box
- Live streaming video access of visitors at the gate.
- No more stranded visitors. Owners can set up multiple numbers for access.
- QR code or single-use PIN for guests/contractors
- Owners can manage gate entry access via the Cell Gate app.

Additionally, we are upgrading both gate arm towers as well as our cameras.

What's next?

- **Our contractor will make these upgrades within a few weeks.** After this upgrade, gates will be closed.
- The new system has several features, but we will start with the telephone directory. Access codes and guest QR codes will be coming soon!
- Here's a [flier](#) with call box highlights.

Action required!

- Download and check out the CellGate app.
- **If you lease your home**, our rules and regulations require Owners to submit leases to HMS. Tenants will not be added to the call box without an up-to-date lease agreement on file. Email your lease agreement to [Jennifer Schmidt](mailto:Jennifer.Schmidt) and copy the Board GABboard@thegatesatbouldercrest.com.
